

To the Woodsmall Law Group Community:

As uncertainty continues regarding the spread of the COVID-19 pandemic, we at Woodsmall Law believe that now, more than ever, the community must band together to support quality public education for all students and the care for our nation's most vulnerable citizens. Leaders must rise to lead for all American children. Quality, accurate information must be shared and disseminated. Most importantly we must end a divisive approach and work as one. Together, collaboratively, we will overcome this challenge.

As an attorney at law and officer of the Court I have dedicated my life to the protection of the voiceless and underrepresented. In this charge, I shall not waiver.

School Districts and Parents are natural allies for children coping with difficult and changing life circumstances. As their parents, advocates and educators we must work together to protect our children, teach them, and help them feel safe during this time and always.

The core values we have grown to love very much include our natural response to adversity. We, as a nation, and as a people, must bind together to bring out the very best of ourselves. This time marks a significant moment in history. We will shape the story told now in the actions we take on this very day. In our past we have been a nation of pride, care, compassion, and hope. Today we have the very opportunity to exemplify those and the best of who we are and who we hope to be.

Sincerely,

Mark Woodsmall, Esq.
